

Aerial Tours of London

We fly bespoke helicopter tours from the west of London at High Wycombe, north west at Elstree, Denham and of course London Battersea Heliport. We fly the hli routes along the river to the Isle of Dogs, with a view of the new Olympic park and return either along the river via Kew or northwards along the Lea Valley. All routes are dependent upon air traffic clearances offered by the Heathrow controllers at the time as are flight times for which we allow 45-60 minutes.

The choice of helicopter will depend on how many passengers are flying. For up to 3 passengers a single engine R44 is the most cost effective option. Alternatively for up to 5 passengers choose a twin AS355 or 6 passenger an A109.

London Battersea is the exception and requires a twin engine machine. The landing fees at Battersea are charged in addition adding around £1000 to the flight cost. Flight times from Battersea over London are around 25-35 minutes.

LONDON HELICOPTER TOURS

Bespoke Flights

We can fly you to/from other locations than the airfields that we use at Wycombe and can recommend the Clivden House Hotel, The Grove – (you need to be staying there) and Danesfield House Hotel as good places to land for lunch.

The costs for adding on flights to the restaurants will depend upon which is chosen, and this may also vary the departure location. So if you are interested in a particular venue we will cost the flight accordingly.

We regularly fly Corporate Clients such as Sky and O2 and are particularly experienced at putting together multiple flights for large groups. Please get in touch and we will be happy to advise what is possible.

Flight Cost Guide

Departure	Passengers	Cost	Heli
Wycombe / Elstree	up to 3	£720	R44
Wycombe / Elstree	up to 5	£1735	AS355
Battersea	up to 5	£2750	AS355

All flights are subject to passenger weights and weather conditions.

Prices quoted are inclusive of VAT at the current rate.
